REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The primary reasons for allowance for claims 1-10 and 12-14 is that applicant's claimed invention includes an ink jet head having a frame shape member, to position and mount the nozzle chip thereon, including a first protrusion pair which abuts on one pair of facing side surfaces extending in a lengthwise direction of the four side surfaces, at positions in the vicinity of an end of the back end surface of the nozzle chip in a lengthwise direction to sandwich the nozzle chip, and a second protrusion pair which abuts on the other pair of facing side surfaces of the nozzle chip extending in a thickness direction of the four side surfaces to sandwich the nozzle chip. It is this limitation, expressed in the claimed combination not found, taught, or suggested in the prior art that makes these claims allowable over the prior art.

The primary reasons for allowance for claims 15-24 and 26-28 is that applicant's claimed invention includes an ink jet printer having a frame shape member to position and mount the nozzle chip thereon, including a first protrusion pair which abuts on one pair of facing side surfaces extending in a lengthwise direction of the four side surfaces, at positions in the vicinity of an end of the back end surface of the nozzle chip in a lengthwise direction to sandwich the nozzle chip, and a second protrusion pair which abuts on the other pair of facing side surfaces of the nozzle chip, extending in a thickness direction of the four side surfaces to sandwich the nozzle chip. It is this limitation, expressed in the claimed combination not found, taught, or suggested in the prior art that makes these claims allowable over the prior art.

The examiner makes of record that the previous drawing objections dated 23 September 2005 are withdrawn in view of applicant's remarks.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
